"Beautiful gardens, heated pool, sauna and jacuzzi spa, zipwire in the garden, air conditioning throughout. A real 5-star experience. Just 1km from the centre of Bonnieux, one of the most famous and beautiful of all the Luberon villages."

Close to the village but a haven of peace, adjacent to the Natural Reserve of Luberon and to the Forest of Cedars. 10 bedrooms, sleeps up to 21.

Although adjacent to the Natural Reserve of Luberon and to the Forest of Cedars, the Mas is only 1 km of the village of Bonnieux, close to shops and restaurants etc.

The property is situated in the heart of its own exceptional park of 5 hectares alive with all the colours of Provence. Nature is all around you as you stroll in a landscaped garden, surrounded by fruit trees. The atmosphere is heady from the myriad Mediterranean essences. You will be amazed by the old "bories" and ruins you will come across in the middle of the park. Meanwhile, in the Provençal courtyard which is shady and protected, you will find a shady corner to enjoy a coffee, a refreshing tea, a 'gouter' or an apéritif. In the centre of the courtyard is a big fountain fed by spring water.

The stone house, 380 m2, is completely renovated and has air-conditioning throughout (in every room). All 8 bedrooms are decorated with refinement (toilets, Italian showers and bathtubs).

The Provençal kitchen has a central island.

In addition, to enhance the luxury of the surroundings, one can enjoy the Finnish sauna, a Jacuzzi in the heart of nature, looking over the heated swimming pool. The spa is supplied with essential oils, as is the Finnish sauna. The pool is 75 m2. There is also an outside shower. There are sound systems inside and outside for music, ideal for relaxing evenings. Under a shady pergola, there is a seating area with 16 deckchairs.

You will discover an immense space for lunches and dinners with a huge barbecue and a stone kitchen sink, a plancha and a pizza oven. In front of the summer kitchen are two big stone tables where more than 20 guests can have lunches or dinners. This alfresco dining area is shaded by an iron pergola covered with Virginia creeper.

You will find a second area dedicated to dinner situated under the terrace lining the lounge not far from the kitchen and with space for more than 20 guests.

Varied walks are possible in the landscaped garden with its fountains and statues, in the Forest of Cedars, in the private park, or in the field of lavender.

There are lots of activities to while away the hot summer days and the balmy evenings: table tennis, the kiddies' swing, an area for playing boules, a fitness space, a field for soccer or handball, a basketball area, table football.

Two cotton hammocks await those who dream about a well-deserved rest after all the sports activity.

At night, all the spaces are lit up: the Provençal patio, the garden, the swimming pool, the barbecue area.

From the second terrace, you will discover a breathtaking sight over the Luberon, the garden, the Forest of Cedars and particularly the village of Lacoste.

Bonnieux is a medieval village perched at the top of a hill at the heart of the park of Provençal Luberon and makes an ideal starting point to discover and taste wines of the Luberon and Ventoux.
