"Part of a truly majestic estate between San Gimignano and Siena bordering olive groves and vineyards, this sympathetically renovated farmhouse exudes authentic charm throughout and is ready to welcome up to ten guests in its five, luxurious master suites arranged between a main building and two separate units, complemented by splendid gardens and a private infinity pool".

This is one of the largest homes on the estate and is ideal for a multi-generation family holiday or for groups wishing to enjoy their own space among the idyllic Tuscan hills. Gather in outdoor dining spaces, take a swim in the infinity pool or stroll along the ample lawns surrounding the farmhouse, to feel immersed in an inspiring and relaxing landscape. This enchanting property has undergone a long restoration process throughout the years which succeeded in bringing the existing building up-to-date with the requirements of modern-day luxury living. Reclaimed timbers and terracotta tiles, brickwork and local stones have been expertly crafted and are some of the features to be found in this Tuscan farmhouse. The area around the 4,200-acre estate offers plenty of opportunities for outdoor pursuits, wine tasting, gastronomic tours, sports activities, and sightseeing. In fact the hills between Siena and San Gimignano, both less than an hour away from your villa, are dotted with countless Medieval villages such as Monteriggioni, Montalcino and Volterra.
