"Chalet M is the most prestigious address in Morzine, occupying a privileged, private location and boasting superb views over the resort"

Even in the middle of winter the chalet is bathed in sunlight all day long, what a treat! At 400m<sup>2</sup> for just 5 bedrooms, this is a spacious and indulgent residence that will be appreciated by those who have stayed in some of the finest chalets in the Alps. It spreads over 3 floors and *can* sleep up to 16 guests (please ask for more details). Furnished with a blend of classic and contemporary pieces, the chalet is one of the most elegant in the Portes du Soleil. Inspiration has been drawn from some of the Alps' finest residences with materials, furniture and artwork sourced from across the world.

The centrepiece of the spa facilities at Chalet M is the huge Jacuzzi, set on the deck with views across the mountains. The adjacent relaxation area is warmed by a rustic fire-pit making it the ideal spot to gaze at the stars whilst enjoying a glass of champagne. Inside the property the spa room features a glass-fronted sauna and hydrotherapy shower. Next door, a dedicated treatment room awaits for guests to enjoy a range of massage and beauty treatments.

The main living area with its sumptuous sofas around a fabulous fireplace has spectacular double-height glazing, affording panoramic views across the resort. In the dining room a bespoke walnut table made by local craftsmen takes pride of place. Lighting has also been carefully considered, with stylish pieces from Tom Dixon and other leading designers. The spacious bedrooms are truly luxurious, with huge, soft beds, balconies, armchairs and Italian showers. The master bedroom suite is delightful; with a private balcony, separate dressing room, and large bathroom with Italian shower, large bathtub and double basins. There is also a dedicated cinema and games room with a high definition 3D screen and digital surround sound. Ideal for curling up to watch a movie or playing on the latest games console. A collection of books and board games will keep the whole family amused. The chalet also has a multi-zone Sonos audio system throughout, allowing guests to stream music from their own devices. The speakers are concealed in the walls to complement the sleek, elegant aesthetic.

The property is staffed by an exceptional team including a chalet manager, professional chef, host, housekeeper and driver, all of whom work tirelessly to ensure you experience the most wonderful stay.
